KINDERGARTEN - WHERE THE JOURNEY BEGINS

There are very few things more motivating for me as an educational leader than seeing the excitement and positivity of our Kindergarten parents and students! Kindergarten is such an important year for our students as it sets the stage for the remainder of their educational journey.

We understand that the transition to kindergarten is a significant step for students AND parents. We are honored to work with every family to assist and support you through this process!

Every teacher in our building is incredibly important, but kindergarten teachers and the real heroes in a school! Kindergarten teachers meet every child “where they are” and provides a classroom where students can feel safe, secure and loved. Our kinder teachers truly exemplify our “we want every child to arrive with a smile and leave with a smile” philosophy! Kinder parents, thank you for trusting us to walk arm and arm with you through this exciting time in the lives of you and your family! It is a privilege and honor to serve you!
